

COE COLLEGE

SCHOLARSHIPS FOR INTERNATIONAL STUDENTS

Coe College strives to create a diverse international-student population as part of our campus community. To attract the best students, Coe provides several scholarship opportunities specifically for international students.

Academic and Need-Based Scholarships

There is no separate application process required for academic and need-based awards. Simply complete the application for admission process by March 1 and you will be automatically considered for the below scholarships and awards.

1. Merit-Based International Scholarships (up to \$26,000 per year): Merit-based scholarships are awarded based on your academic performance in high school and exams such as the SAT. These scholarships are renewable for three years.

2. Need-Based International Grants (amounts vary): Need-based grants are awarded based on your family's financial need. Coe cannot guarantee to meet the need of any student. However, need-based grants have helped many international students afford a Coe education.

3. Work-Study Awards (\$1,300 per year): Work-study awards are a great way to help fund your Coe education while also gaining valuable work experience on Coe's campus. These awards amount to \$1,300 per year for six hours of work per week.

Talent-Based Scholarships

1. International Full-Tuition Scholarship: Coe College provides one full-tuition scholarship each year to an international student attending high school outside of the U.S. This scholarship is in the amount of tuition for the entering year at Coe and is renewable at that rate for three years. To be eligible, students must complete the application for admission process and submit the separate full-tuition scholarship application.

2. Visual & Performing Arts Scholarships in Art, Music and Theatre Arts (up to \$2,000 per year): If you have a passion for fine arts you may audition or interview for additional scholarships. A separate scholarship interview or portfolio review is required to be eligible. Students must complete the application for admission process to be considered for these awards. Scholarships are awarded to students who intend to major or participate in art, music or theatre.
